

# Gender and *Climate & Disaster Risk Finance & Insurance* (CDRFI)

22 March 2022

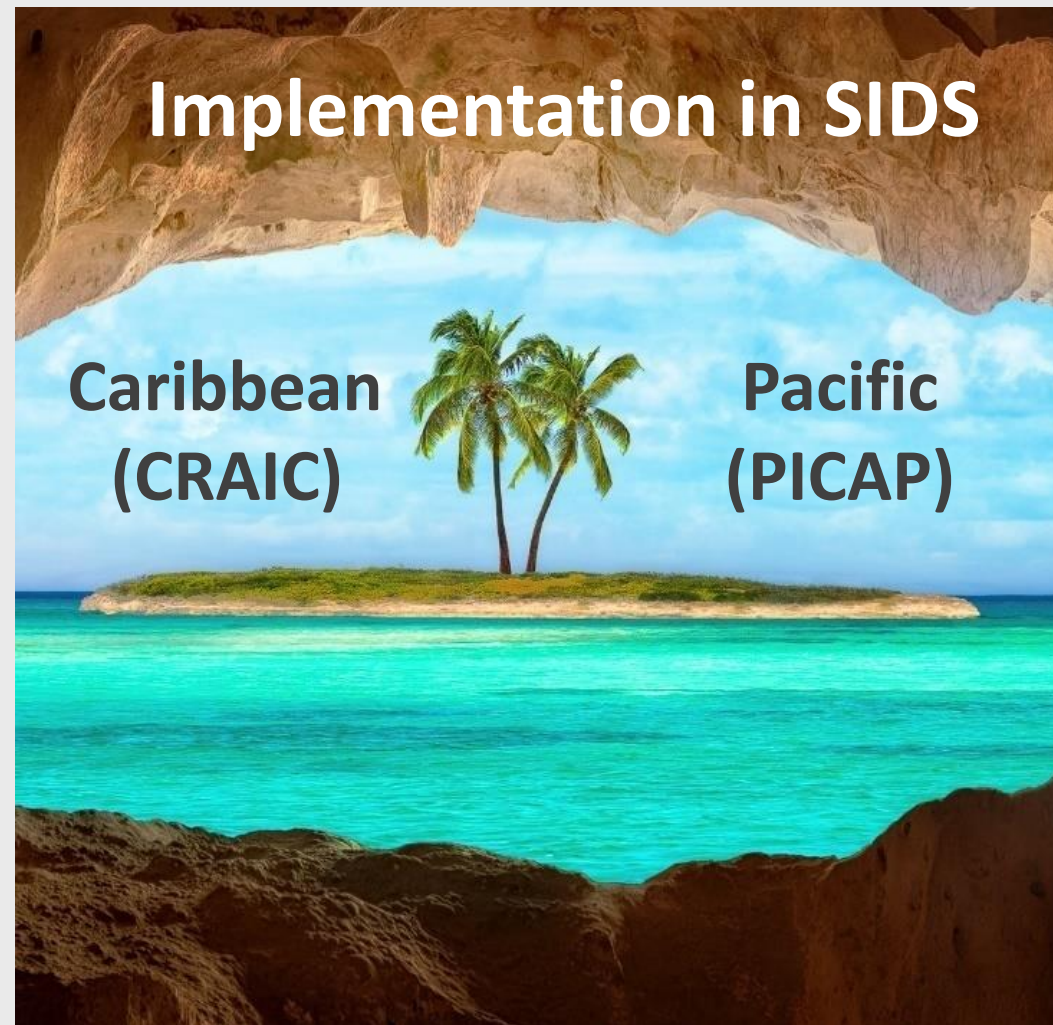

## Munich Climate Insurance Initiative

- NGO in Bonn, Germany
- Hosted by the United Nations University
- Think tank on climate change & insurance
- Work in the areas of policy, analytics, and the implementation of solutions

## Implementation in SIDS

Caribbean  
(CRAIC)

Pacific  
(PICAP)

### Gender literature review and policy brief

- Risk exposure, impacts, and coping
- Socioeconomic context, gender-based violence, and access to finance

**Planned workshop  
with *local* gender-  
focused, women-led  
organizations**

**Want to design solutions that meet the needs of women & men, distribute in a way that increases access**

### Carrying out survey & experiment

- Working with local universities (the University of the West Indies & the University of the South Pacific) = cross-regional collaboration
- Understand risk perceptions, decision-making power
- Learn about disaster risk finance preferences (insurance, savings, loans, etc.)
